RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
Washington, DC 20231

Dear Sir:

In response to the restriction requirement set forth in the Office Action mailed November 29, 2002 (Paper No. 2), applicant hereby provisionally elects claims 1-20 for continued examination, with traverse.

RECEIVED
MAR 05 2003
GROUP 3600

The Examiner has required restriction between claims 1-20, claims 21-26, and claims 27-33. The Examiner states that the inventions are "related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable." MPEP §806.05(d).

Section 806.05(d) of the MPEP states that "the Examiner must show, by way of example, that one of the subcombinations has utility other than in the disclosed combination...the burden is on the Examiner to provide an example." The Examiner has not provided an example in the present case. Accordingly, it is not proper to restrict the application in this manner and, thus, the Examiner must examine claims 1-20 of Group I, claims 21-26 of Group II, and claims 27-33 of Group III together on the merits.

If the Examiner is aware of another method to make the product as claimed, using a process which is materially different from that set forth in the restricted claims, applicant respectfully requests the Examiner to substantiate his position in greater detail. Otherwise, it is respectfully requested that the restriction requirement be withdrawn, and that each of claims 1-20 presently pending in this application be examined.

Applicant, of course, reserves the right to file divisional applications covering the subject matter of the non-elected claims.

Dated: February 26, 2003

Respectfully submitted,

By
